AGRICULTURAL ECONOMICS RESEARCH

Index to Volume 22, 1970

	Page
Agriculture, change in northern U.S., 1820-70	116
Australian economy, agriculture in	26
Capital and development planning	59
Cooperative enterprise, American, rise 1620-1920	25
Cooperatives in developing countries, sociological and psychological aspects	58
Cropland retirement, general by two criteria	89
Decision theory, applied to speculation in commodity future	96
Development, economic, using natural resource information	57
Development, farmland, economic analysis	37
Development, tropical agriculture	119
Development, Venezuelan agriculture	118
Domestic allotment, campaign for	87
Ecology, rural life and the price of progress	57
Economic analysis and operations research: optimization techniques in quantitative economic models	113
Economic growth, and subsistence agriculture	84
Economic growth, food and agriculture in 1980	61
Economic growth, modern theory	59
Economic history, theory of	83
Economics as a science	112
Farm firms, a general simulation model for	69
Farmland development, an economic analysis	37
Fertilizer, demand, 1949-64: an analysis of coefficients from periodic cross sections	45
Fiscal revolution in America	115
Food and agriculture in 1980	61
Futures, hedging, live cattle	104
Futures, speculation in, an application of statistical decision theory	96
Inflation, national incomes policy for control	87
Irrigation water, estimating the productivity of	12
Japan, rise and development of modern economy	86
Linear programming of river basin development, timber enterprise as an input	107
Livestock industry, vertical coordination in	85
Marketing research, agricultural, and pricing systems	1
Models, quantitative economic, optimization techniques in economic analysis and operations research	113
Population and food supply	28
Population, income, and employment: a simple, two-region simulation	29
Pricing systems and agricultural marketing research	1
Project appraisal under uncertainty, techniques	114
Productivity, factor in cropland retirement	89
Projections: Food and agriculture in 1980	61
Recreation, outdoor, characteristics of supply and demand	18
Resource development, linear programming incorporating timber enterprise as an input	107
Rural industrialization, impact on two communities in western Ireland	85
Rural sociology—its origins and growth in the United States	26
Simulation: Demand for fertilizer in 1949-64, an analysis of coefficients from periodic cross sections	45
Simulation model for farm firms	69
Simulation, simple, two-region, of population, income, and employment	29
Speculation in commodity futures: An application of statistical decision theory	96
Squared versus unsquared deviations for lines of best fit:	
Note	78
Reply	81
Supply and demand in outdoor recreation, characteristics	18
Timber enterprise as a component of linear programming for river basin development	107
Tropical agriculture, production development	119
U.S. agriculture, northern, change during 1820-70	116
USSR, agricultural perspective, successes and failures	116
USSR, optimum farm size	116
USSR, peasant farm markets	116
Venezuela, agricultural development	118
Water, irrigation, estimating productivity	12
Water management, American, strategies	24

Authors

Abbott, Geraldine
Book review: Agriculture in the Australian Economy, edited by D.B. Wilson 26
Bell, David M.
A Note on "Squared Versus Unsquared Deviations for Lines of Best Fit" 78
Ben-Rubin, Jack
Book review: National Incomes Policy of Inflation Control, by Charles E. Rockwood 87
Book review: Population and Food Supply, edited by Sir Joseph Hutchinson 28
Book review: Readings in the Modern Theory of Economic Growth, by Joseph E. Stiglitz and Hirofumi Uzawa 59
Culver, David W., and J.C. Chai
A View of Food and Agriculture in 1980 61
Doherty, Neville J.G.
Book review: Rural Industralization—The Impact of Industrialization of Two Rural Communities in Western Ireland, By Dennis I.F. Lucey and Donald R. Kaldor ... 85
Edwards, Clark
A Simple Two-Region Simulation of Population, Income, and Employment 29
Book review: Economic Analysis and Operations Research: Optimization Techniques in Quantitative Economic Models, by Jati Sengupta and Karl Fox 113
Gadsby, Dwight M.
Book review: Natural Resource Information for Economic Development, by Orris C. Herfindahl 57
Greenhalgh, Richard, and Karl H. Davidson
Procedure for Including a Timber Enterprise in a Programming Evaluation of River Basin Development 107
Gum, Russell, and John Wildermuth
Hedging on the Live Cattle Futures Contract ... 104
Harron, Meyer J.
Book review: The Fiscal Revolution in America, by Herbert Stein 115
Hinman, H.R., and R.F. Hutton
A General Simulation Model for Farm Firms 69
Hogg, Howard C., Lloyd B. Rankine, and Jack R. Davidson
Estimating the Productivity of Irrigation Water 12
Hoover, Dale M.
An Economic Analysis of Farmland Development 37
Howell, John
Book review: Techniques for Project Appraisal Under Uncertainty, by Shlomo Reutlinger 114
Johnson, Hugh A.
Characteristics of Supply and Demand in Outdoor Recreation 18
Jones, Harold B., and Jack C. Thompson
Squared Versus Unsquared Deviations for Lines of Best Fit: A Reply 81
Logan, Samuel H., and J. Bruce Bullock
Speculation in Commodity Futures: An Application of Statistical Decision Theory 96
McAlpine, John
Book review: The Agricultural Development of Venezuela, by Louis E. Heaton 118
Mighell, Ronald L.
Book review: Vertical Coordination in Livestock Marketing, by Southern Regional Livestock Marketing Research Committee 85
Moncure, Robert C.
Book review: Tropical Agriculture: The Development of Production, by Gordon Wrigley 119
Paul, Allen B.
Book review: A Theory of Economic History, by John Hicks 83
Pavelis, George A.
Book review: Strategies of American Water Management, by Gilbert F. White 24
Petrulis, M.F.
Book review: Capital and Development Planning, by Sukhamoy Chakravarty 59
Porter, Jane M.
Book review: The Rise and Development of Japan's Modern Economy, by Kamekichi Takahashi 86
Porter, Ward
Book review: Rural Sociology—Its Origins and Growth in the United States, by Lowry Nelson 26
Rasmussen, Wayne D.
Book review: America the Vanishing: Rural Life and the Price of Progress, edited by Samuel R. Ogden 57
Rausser, Gordon C. and Theo. F. Moriak
The Demand for Fertilizer, 1949-64: An Analysis of Coefficients From Periodic Cross Sections 45
Rogers, George B.
Pricing Systems and Agricultural Marketing Research 1
Savage, Job K.
Book review: Building Cooperative Movements in Developing Countries—the Sociological and Psychological Aspects, by Konrad Engelmann 58
Southern, John H.
Book review: Subsistence Agriculture and Economic Development, edited by Clifton R. Wharton, Jr. 84
Starch, Elmer A.
Book review: M.L. Wilson and the Campaign for the Domestic Allotment, by William D. Rowley 87

Sundquist, W.B.
Book review: Economics as a Science, By Kenneth E. Boulding 112
Walters, Harry E.
Book review: Soviet Agriculture in Perspective—A Study of Its Successes and Failures, by Erich Strauss; Die Landwirtschaftlichen Betriebsgrossen in der Sowjetunion in Statistik und Theorie (The Optimum Size of Farms in the Soviet Union in Statistics and Theory), by Ivan Loncarevic; Les Marches Paysans en U.R.S.S. (The Peasant Markets in the Soviet Union), by Basile H. Kerblay 116
Wiser, Vivian
Book review: Change in Agriculture: The Northern United States, 1820-1870, by Clarence H. Danhof 116
Book review: The Rise of the American Cooperative Enterprise, 1620-1920, by Joseph G. Knapp 25
Zepp, Glenn A., and Jerry A. Sharples
General Cropland Retirement: Retiring Low-Net-Return Acreage vs. Retiring High-Cost Production 89
